	<b>Proficient</b>	<b>Emerging</b>	<b>Developing</b>	<b>Extending</b>
<b>Hand Position and Body Alignment</b>	You are sitting tall and holding the instrument correctly.	A mark of “emerging” indicates that you either did not complete the test, or your playing is still at the very beginning stages of learning.	A “developing” performance on this test indicates that some areas of your playing needs attention. This will be explained on your report card comments as next steps for learning.	An “extending” performance on this test would be one where everything was played at a medium to fast tempo, with absolute accuracy, and with fluid and expressive playing.
<b>Notes / Fingerings / Positions / Pitching</b>	You tuned your instrument correctly. All of the notes you played were correct, both in fingerings and also in tune (you are placing your fingers in the correct places on the fingerboard.)	<b>A mark of “emerging” in the Intermediate Strings course means that this music is too challenging at this time, and you should consider transferring to the Beginning Strings course to review some concepts.</b>		
<b>Rhythm and Tempo</b>	Both exercises were played accurately (no rhythm mistakes) at a medium-fast tempo.			
<b>Articulations, Dynamics and other Expression Markings</b>	You paid close attention to any dynamic (volume) and articulation (bowing) markings in the music and played them accurately.
