**Thank you** to the **students**, who choose to pursue music and whose spirit and commitment make this program special; and to **alumni** who continue to mentor and encourage younger students; to **parents**, whose love and support are powerful and appreciated; to our amazing **administration** team without whose support none of this would be possible; to **staff and teachers** who encourage these students to participate, learn and grow; and to the many wonderful **community musicians** who have been in this term to work with students, including **Cheryl Dennett**, our piano accompanist; and **Marc Micu**, trumpeter. A very special thank you to all the TOCs who filled in while I was sick, especially **Brooke Albers**, who did an incredible job.
